ABOUT US

At **EXCEL CREATIVE NETWORK LIMITED**, we take pride in our ability to deliver a broad spectrum of Civil, MEP, and renewable energy services to our clients while maintaining the highest international and local standards over a complex range of projects. We have broad relationships with major local and international partners, and we continue to provide repairs and maintenance throughout the lifecycle of the services we provide.

For more than a decade, Excel Creative Network Limited has consistently delivered world-class building services in Nigeria and West Africa at large, spanning multiple sectors, with a growing market share in Nigeria and Ghana and increasing prospects in other developing economies in the region. Since 2012, we have scaled our operations in response to value requirements from our clients to accommodate their ever-growing need for quality products, assured with sound technical expertise and dedicated support. Hence, we are redefining value with quality products, services, and industry best practices. With an additional base in Accra-Ghana, we have positioned our brand to connect new economics in the region while delivering optimum value in our area of core competence. Backed by an upwardly motivated and committed workforce, ECN has maintained an untainted reputation for excellence in providing Electrical, and Mechanical (MEP) in the building and construction industry across the sub - Sahara Africa.

HEALTH, SAFETY & ENVIRONMENT POLICY (HSE)

Our working environment is in compliance with 2012 occupational health, safety and environmental policy that protects and promotes the lives of ECN employees and visitors.

We will strive to ensure HSE policy is updated annually and effective adherence to the policy for assured environmental safety.

MANAGEMENT TEAM

Napoleon Onyebilama
Managing Director (MD)

Napoleon Onyebilama is the Managing Director of Excel Creative Network Limited and the pioneer head of the company since its inception. He has over 17 years of experience in the building and construction industry. He began his career as a site electrical Engineer and has worked as a project Engineer and Project Manager over the years. He is an Alumnus of the Federal University Of Technology Owerri (FUTO), where he obtained his first degree in Electrical Engineering(B.Eng), master's degree in Project Management from the University of Lagos (Unilag), and master in Business Administration (MBA) from ESUT Business School Enugu. He holds a level 3 to level 6 NVQ diploma in electrical design and installation from Access Training School United Kingdom (UK) and a certificate in 18th Edition wiring regulation United Kingdom (UK). He is the founder of Everything Electric Nig. Limited. He is a member of several professional bodies, the Council for Regulation of Engineers in Nigeria(COREN) and the Nigeria Society of Engineers(NSE).

MANAGEMENT TEAM

Uduak Elijah Ituen

Contract Administrator (CA)

Uduak Elijah is the contract Administrator of Excel Creative Network Limited. He works with the company's leadership to develop and implement commercial strategies according to company goals and objectives. He is also responsible for the company's services.

He has over 17 years of experience in contract tendering and valuation; he started his profession as a quantity surveyor with a consulting firm.

He has worked as head of contract and tendering department and commercial manager throughout his career. Mr. Uduak is an alumnus of Enugu State University of Science and Technology, where he graduated with a B.Sc. in Quantity Surveying. He is also a member of Registered Quantity Surveyors (QSRBN) Reg No. 2981 and Nigeria Institute of Quantity Surveyors (NIQS) Reg No. 03694

Eromosele is the head of the Electrical department at Excel Creative Network Limited with over 17 years of experience. He is responsible for all electrical and extra low voltage works from design to installation and commissioning.

He began his career as an electrical building services engineer in the construction industry and has worked on various aspects of the contracting business, including coordination, design, management, and execution of electrical contract services.

He has a National Diploma from the Federal Polytechnic Auchi, a B.Eng in Electrical Engineering from Ambrose Ali University Ekpoma, a master's in Business administration (MBA) from ESUT Business School Enugu, and a Master's in Construction Engineering from George Brown College Canada.

He is a certified Canadian Electrical Code of Training, Canadian Health and Safety Awareness, and Schneider Electric Technical and Commercial certification for panel builders. He is also a member of the Council for Regulations of Engineers in Nigeria (COREN) and the Nigeria Society of Engineers.

Eromosele Clement Avaadevboro
Head of Electrical Department

MANAGEMENT TEAM

Otunyo Dan Abedengo

Head, Mechanical Department

Otunyo Dan is the head of Excel Creative Network Limited's mechanical department. He oversees heating and ventilation, air conditioning (HVAC), fire fittings, plumbing and pipe services, waste treatment plants, sewage systems, and water treatment plants.

He has over 23 years of experience in the building and construction industry knowledge. He began his career as a mechanical building services engineer and has worked on various aspects of the contracting business, including design, value engineering, environmental assessment, coordination, management, and execution of mechanical services contracts.

He graduated from the Federal University of Technology Minna Niger state with B.Eng. in mechanical engineering and M.Sc. in facility management from the University of Lagos. He is a member of the Council for Regulation of Engineering in Nigeria(COREN), a member of the Nigeria Society of Engineers(NSE), a member of the Nigeria Institute of Mechanical Engineers (MNimechE), a fellow of the Institute of Professional Managers and Administrators of Nigeria(IPMA).

Oluwadamilola Osoteku is responsible for overseeing the company's HR system, ensuring compliance with labor regulations, handling employee relations, and management of our group's expatriate programs, including expatriate relocation, adjustment, and repatriation while ensuring our policies align with national and global best practices that support overall company goals.

She has over 10 years of experience in her field. Prior to her appointment as the Group Head of HR and administration, she was HR and Administration Manager.

Miss Oluwadamilola osoteku is an Alumnus of Olabisi Onabanjo University, Ogun State. She is also a member of professional bodies and is certified in conflict management.

Oluwadamilola Osoteku
Head, Human Resources & Administration

MANAGEMENT TEAM

Apie Nicholas

Project Manager(MEPF)

Engr Apie Nicholas is the project manager of MEPF for Excel Creative Network Limited; he is responsible for day to day implementation of all MEPF projects, and he has over 9 years of experience in the building services and the construction industry. He began his career as an electrical building services engineer in the construction industry and has worked on various aspects of the contracting business, including coordination, design, management, and execution of MEPF contract services.

He has B.Eng in Electrical Engineering from Cross River University of Technology- Calabar.

He is a certified Schneider Electric Technical and Commercial certification for panel builders. He is also a member of the Council for Regulations of Engineers in Nigeria (COREN) and the Nigeria Society of Engineers.

INTERNATIONAL PARTNERS

Excel Creative Network Limited is a partner to several Equipment Manufacturers (OEMs) worldwide, including the United Kingdom, Europe, America, and Asia. Whatever the equipment is, ECN has everything it takes to bring it to your doorstep conveniently.

QUALITY MANAGEMENT SYSTEM

As a company committed to quality service delivery, operations are in compliance with ISO 900:2015 international standard to ensure the effectiveness of our quality management system

VISION

To be a company that offers excellent engineering and infrastructural services beneficial to the society in West Africa

MISSION

ECN's mission is to become the leading engineering company with sustainable and innovative solution that guarantees customer satisfaction.

CORE VALUES

The foundation of our success over a decade of existence lies in our values. Our work culture starts from here

Integrity

The level of our commitment is evident in the quality and timely delivery of project

Accountability

We provide relevant information needed before and after project completion—we gain trust through accountability

Simplicity

Seamless customer experience and project execution is our blueprint

Results

Customer satisfaction is our top most priority—when a customer is satisfied, we achieve our mission

EXCEL

NETWORK

Engineering • Procurement • Contracting

BUSINESS SECTORS:

- Mechanical and Electrical (MEP)
- Digital Infrastructure
- Oil & Gas
- Renewable Energy

MECHANICAL ELECTRICAL & PLUMBING (MEPF)

Excel Creative Network Limited, in association with its international and local OEMs technical partners, is able to deliver the most innovative solutions, products, and services in MEPF that substantially reduce project schedules, manufacture and installation costs, facility and equipment footprint, and are environmentally friendly.

Some of these solutions are as follows,:

- * Ventilation & Air Condition Systems
- * Cable Tray Management Systems
- * Extra Low Voltage networks
- * Energy Storage Solutions
- * Plumbing & Sanitary Ware
- * Fire Fighting Systems
- * Electrical LV Installation
- * Electrical MV Reticulation
- * Cyber Security & Access Control
- * Remote Monitoring Systems

Our services include design, procurement and, installation, and support by our international and local partners, complete with their worldwide responsive field service, package overhaul & upgrades, technical training, and genuine certified service parts.

POWER GENERATION AND RENEWABLE ENERGY

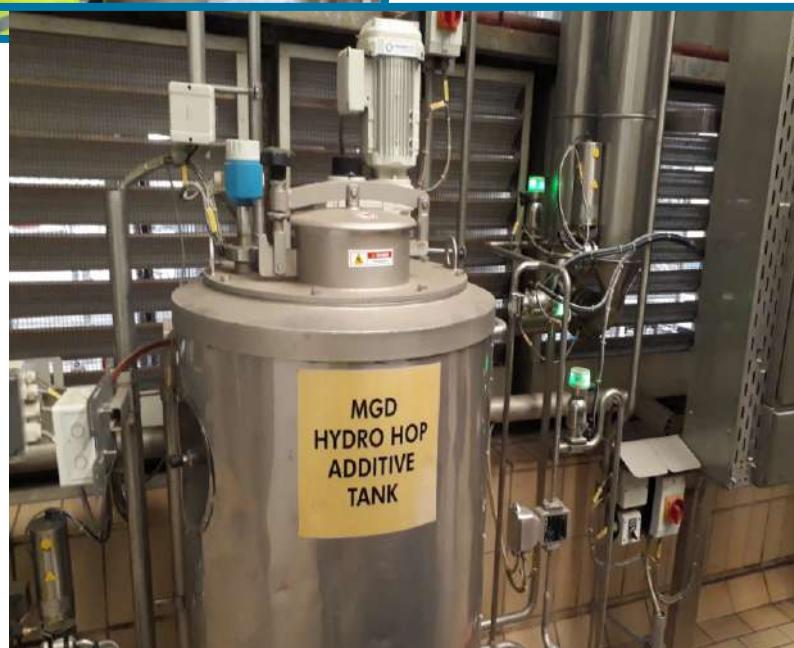

Excel Creative Network limited delivers various clients requirements; from temporary, single-site power to baseload - scale, multi-megawatts power for regional grids. We focus on delivering precisely what each client needs when needed.

Excel Creative network limited provides renewable energy sources combined with generator backup. Our local technical specialists promptly deliver and install these power systems and monitor their performance 24/7 to ensure continued reliable services. We continue to partner with product innovations to deliver power systems that are both economical and eco-friendly.

OEM

EQUIPMENT INSTALLATIONS

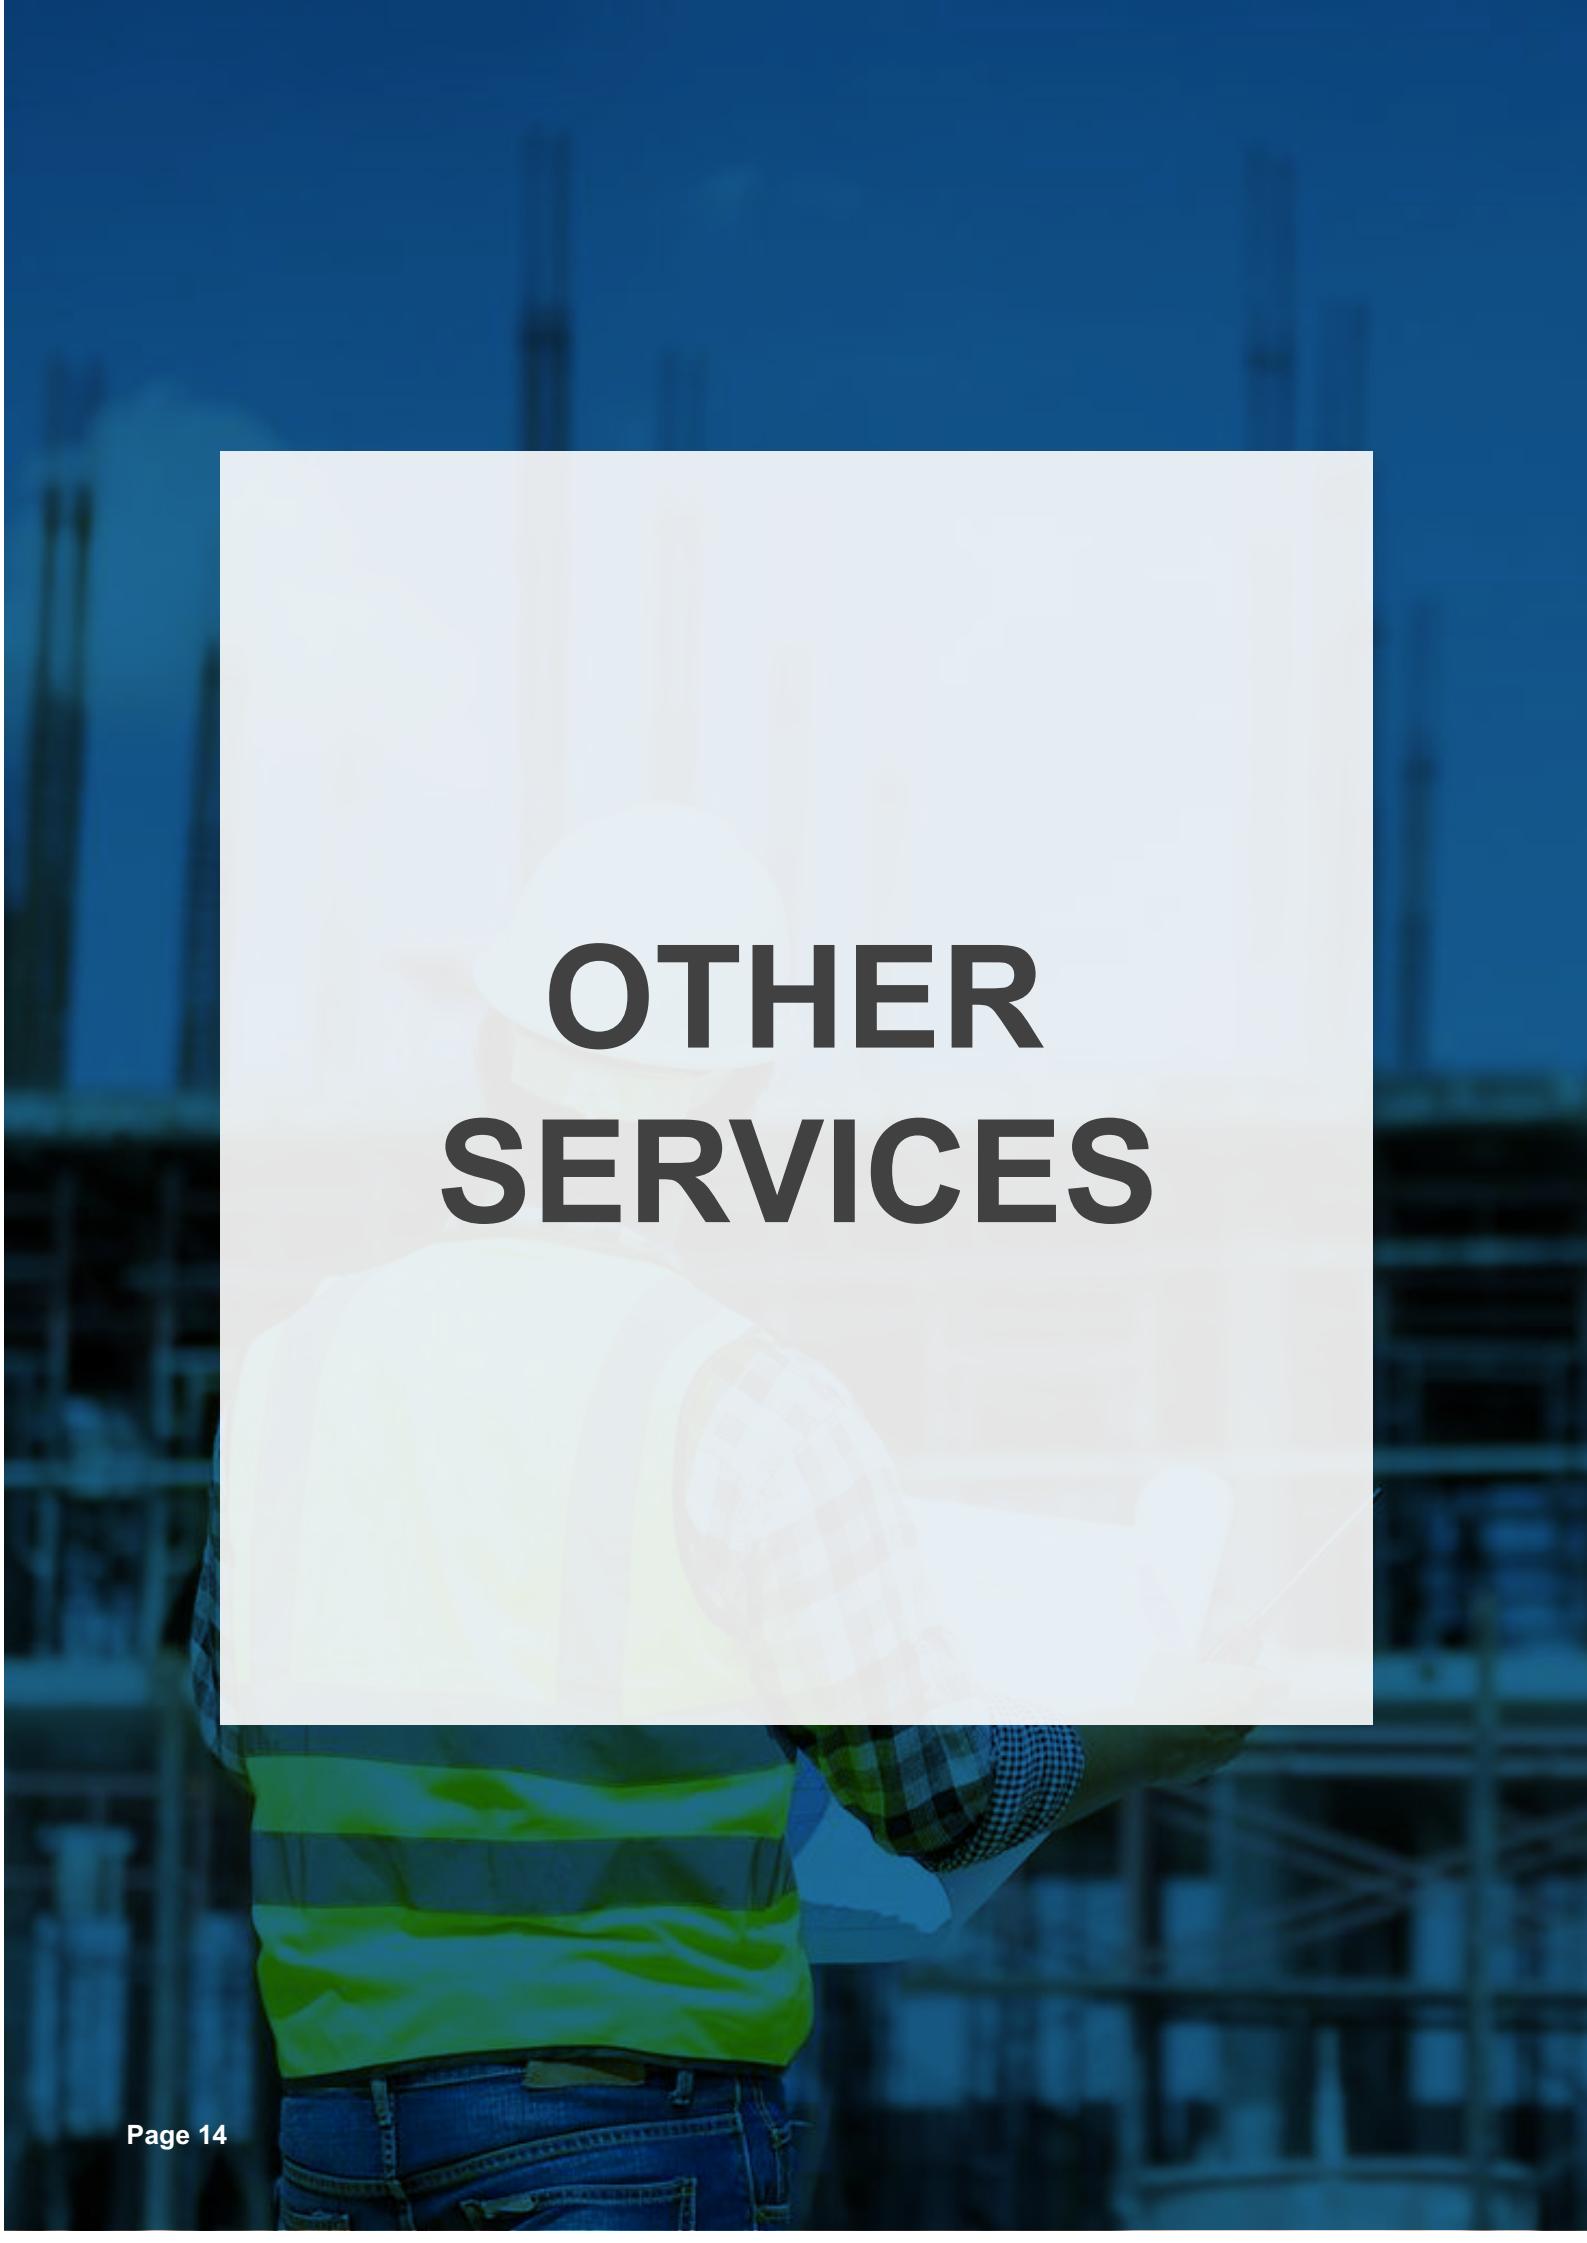

OEM EQUIPMENT INSTALLATION

Excel Creative Network Limited's expertise spans pipe fitting and welding services; our team of highly skilled engineers and metal fabrication personnel with many years of experience in the field of equipment installation and insulation packages according to codes & standards and client quality requirements.

These services include and are not limited to Equipment rigging, the position of rotary and static equipment, welding services both(TIG/MMA), pipe fitting installation, pipe fitting and threading, repair and maintenance, stainless and mild pipe installation and insulation, testing and commissioning of the complete process plant.

OTHER SERVICES

A photograph of a person from the waist up, wearing a bright yellow-green high-visibility vest over a blue long-sleeved shirt. A black and white checkered bandana is tied around their neck. They are also wearing blue jeans. In the background, there's a blurred view of what appears to be an industrial or construction site with metal structures and scaffolding.

PROJECT MANAGEMENT

AT EXCEL CREATIVE NETWORKS, we have integrated our strengths in project management, process technology, basic and detail engineering, procurement, installation, construction and commissioning and the company's reputation is based on a strong customer orientation, technological sophistication that characterizes its products and we offer the following services:

- * Conceptual Design & Development
- * Preliminary Design & Detail Engineering
- * Project Management
- * Project Control and Cost Management
- * Global Procurement
- * Manufacture & Installation
- * Commissioning & Performance Training
- * Facility Management, Operators & Maintenance
- * Technical Training
- * Quality, HSE and Security Management
- * Community Relations & Local Content Development

CONSULTANCY SERVICES

AT EXCEL CREATIVE NETWORKS, we offer international advisory and consulting services to the various sectors ranging from oil & gas, clean energy, MEP, environmental and infrastructure markets covering technical, strategic management, economics and regulatory issues. Our practical understanding of engineering & construction deploys a unique combination to deliver excellent and cost effective solutions to problems and key features of our services include the following:

- Support in turning concepts into projects
- * Financial & Technical Expertise
- * Project Financial Analyses
- * Appraisal & Valuation Services
- * Contract Review & Assessment
- * Strategic Planning

Global financial engagements with investment and commercial banks, equity investors, energy funds and multilateral institutions forms an integral part of our management support and advisory services.

EXCEL CREATIVE NETWORK has been able to sustain this through leverage on its reliable and efficient service via the network of our associated / affiliated companies.

CLEAN ENERGY

At EXCEL CREATIVE NETWORK, a wide-ranging engineering, procurement and construction services are provided to the power and energy sectors. Our expertise encompass both traditional and the emerging technologies that include:

- * Clean Power Generation * High Voltage Transmission Lines
- * Power Sub Stations * Hydro & Biomass Energy
- * Wind and Solar Energy Plants * Hybrid Energy
- * Low & Medium Voltage Distribution

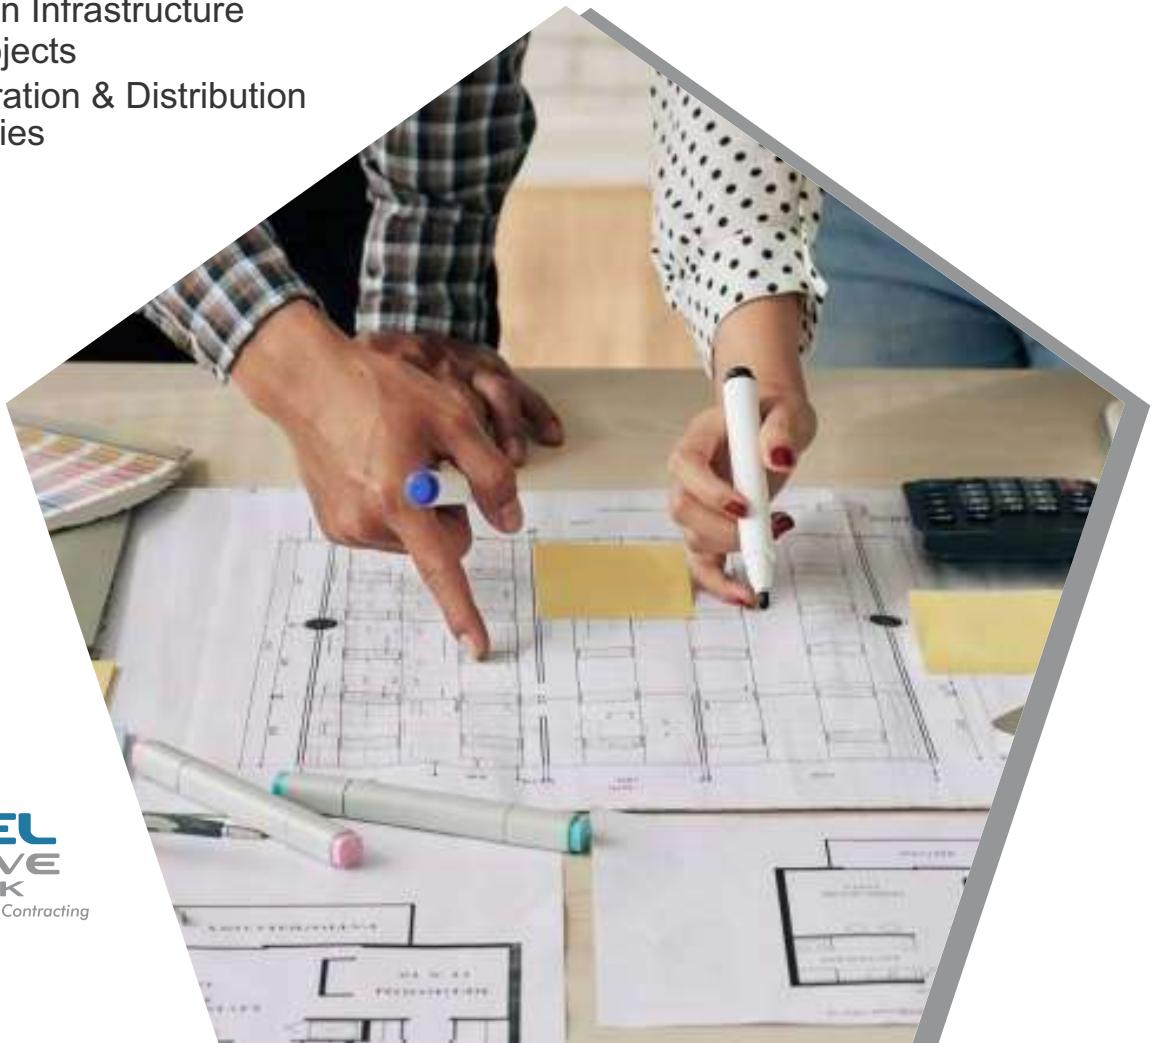

We have the knowledge, capability and experience to offer innovative solutions that saves fuel costs, installation cost, improve efficiency and reduce greenhouse gas emissions.

URBAN & RURAL DEVELOPMENT

At EXCEL CREATIVE NETWORK, a premier Urban & Rural Development support services are provided for both the government and private sector customers by applying experience and understanding in the areas of design, Installation, operations & maintenance.

Our comprehensive knowledge in planning, design and environmental assessment helps us to successfully meet any infrastructure needs with focus on:

- * Institutional & Commercial Buildings
- * Health & Educational Projects
- * Housing & Infrastructure Development
- * Transportation Infrastructure
- * Industrial Projects
- * Power Generation & Distribution
- * Water & Utilities

WATER & WASTE WATER

At EXCEL CREATIVE NETWORK, we provide superior value and reliability to the water and waste water industry which includes networks and treatments of industrial water and effluents to required standards, design from first principals or based on vendor packages.

Are your requirements for a new dam, water distillation, effluent treatment plant or the expert management of a water company to reduce costs and increase income, we have got you covered and our team has the expertise.

OPERATION & MAINTENANCE SERVICES

At EXCEL CREATIVE NETWORK, we offer a comprehensive service for operation and maintenance activities to the oil & gas, clean energy MEP, and water industries which include but not limited to the following:

- Facility Management & Admin. Services
- Engineering & Consultancy Services
- Procurement & Supply Chain Management
- Operational Management
- Maintenance Services
- Training
- QHSE

GLOBAL PROCUREMENT

EXCEL CREATIVE NETWORK expertise spans the entire supply chain from sourcing, purchasing, transportation and logistics to inventory control, inspection and quality assurance.

Our in-depth understanding of international markets allow us to provide the best materials in all kind of specifications and services on time and within budget

These include but are not limited to:

- Oil & Gas Products
- Electrical Material
- Piping components
- Valves
- Rotary and Stationary Mechanical Equipment
- Process Packages & Modules
- Instruments

CEO'S REMARKS

Excel Creative Network (ECN) was founded to solve the challenges of inefficient engineering solution and infrastructure in Nigeria and West Africa at large. We believe in sustainability as a means to promote healthy environment and boost economic activities in Nigeria and its surrounding nations

You are assured of high quality service delivery when ECN handles your project. Our services are essential to the various sectors of the economy as well as businesses that operate in these sectors.

I look forward to working with you to achieve high performance in your business operations

Napoleon Onyebilama.
